Opinion

Protecting rivers in arid regions or pumping them dry?
Richard T. Kingsford 1–11

A review of the reproductive behavior of *Polyphemus Pediculus*(L.) Müller (Crustacea: Branchiopoda)
Ludmila G. Butorina 13–26

Nematodes from the Strait of Magellan and the Beagle Channel (Chile): the genera *Cervonema* and *Laimella* (Comesomatidae: Nematoda)
Guotong Chen, Magda Vincx 27–49

Role of aquatic vegetation coverage on hypoxia and sunfish abundance in bays of a eutrophic reservoir
L.E. Miranda, K.B. Hodges 51–57

Life history responses of the cladoceran *Ceriodaphnia* cf. *dubia* to variation in food concentration
R.M. Rose, M.St.J. Warne, R.P. Lim 59–64

Environmental influences on akinete germination of *Anabaena circinalis* and implications for management of cyanobacterial blooms
Peter D. Baker, Daniel Bellifemine 65–73

Seasonal influence on head capsule deformities in *Chironomus zealandicus* (Hudson) (Diptera: Chironomidae)
K. Jeyasingham, N. Ling 75–82

A study of terrestrial and aerial macroinvertebrates on river banks and their contribution to drifting fauna and salmonid diets in a Scottish catchment
E.E. Bridcut 83–100

Flood pulse influence on phytoplankton communities of the south Pantanal floodplain, Brazil
Márcia Divina de Oliveira, Débora Fernandes Calheiros 101–112

The influence of prey behaviour on prey selection of the carnivorous plant *Utricularia vulgaris*
Sabine Harms, Frank Johansson 113–120

Seasonality and infestation pattern of epibiosis in the beach mysid *Archaeomysis articulata*
Yukio Hanamura 121–127

Spatial distribution and larval behavior of *Glyptotendipes lobiferus* (Diptera: Chironomidae)
J.B. Keiper, E.M. Espeland 129–133

Development of an Index of Trophic Completeness for benthic macroinvertebrate communities in flowing waters
Timur I. Pavluk, Abraham bij de Vaate, Heather A. Leslie 135–141

A comparative study on planktonic ciliates in two shallow mesotrophic lakes (China): species composition, distribution and quantitative importance
Song Biyu 143–153

UV radiation and potential biological effects beneath the perennial ice cover of an antarctic lake
R.L. Kepner Jr., R.A. Wharton Jr., R.D. Collier, C.S. Cockell, W.H. Jeffrey 155–165

Habitat selection in the larvae of two species of Zygoptera (Odonata): biotic interactions and abiotic limitation
Claudia Steiner, Barbara Siegert, Susanne Schulz, Frank Suhling 167–176

Halacaridae (Acari) from Gazi Bay (Kenya): description and biogeography of three new and two known species
Tapas Chatterjee, Marleen De Troch 177–194
